Academic Excellence						
Training format and handouts were educational and beneficial to learning.						
My dog was socialized with other dogs.						
My dog was socialized with people.						
My dog learned the commands I'd hoped.						
My dog and I bonded through training.						
The size of the class did not affect my individual requirements.						
I would return for more training & recommend classes to a friend.						
School Resources						
The classes are clean & equipment is well maintained						
We now have access to a variety of classes to further obedience training.						
I had fun.						
The price was right.						
Skills						
What was the easiest skill to master?						
What was the hardest skill to master?						
What was the most enjoyable activity in class?						
What was the least enjoyable activity in class?						
What skills do you still want to learn?						
Classes
